

ELECTRORECYCLER is authorized to manage the following European Waste Codes:

NON HAZARDOUS WASTES:

16 02 14: discarded equipment other than those mentioned in 16 02 09 to 16 02 13

16 02 16: components removed from discarded equipment other than those mentioned in 16 02 15

17 04 07: mixed metals

17 04 11: cables other than those mentioned in 17 04 10

19 12 02: ferrous metal

19 12 03: non-ferrous metal

19 12 12: other wastes (including mixtures of materials) from mechanical treatment of wastes other than those mentioned in 19 12 11

20 01 36: discarded electrical and electronic equipment other than those mentioned in 20 01 21, 20 01 23 and 20 01 35

HAZARDOUS WASTES:

20 01 23*-11* 11* Discarded equipment containing chlorofluorocarbons, HCFC, HC, NH3

16 02 11*-12* 12* Air condition equipment

20 01 23*-12* 12* Air condition equipment

16 02 13*-13* 13* Discarded equipment containing oil and capacitors

20 01 35*-13* 13* Discarded equipment containing oil and capacitors

16 02 13*-21* 21* Monitors and CRT screens

20 01 35*-21* 21* Monitors and CRT screens

16 02 13*-22* 22* Monitors and screens: No CRT, No LED

20 01 35*-22* 22* Monitors and screens: No CRT, No LED

20 01 21*-31* 31* Fluorescent tubes and other mercury-containing waste

16 02 12*-41* 41* Big discarded equipment containing hazardous components

16 02 13*-41* 41* Big discarded equipment containing hazardous components

20 01 35*-41* 41* Big discarded equipment containing hazardous components

16 02 13*-51* 51* Small discarded equipment containing hazardous components and batteries incorporated

16 02 12*-51* 51* Small discarded equipment containing hazardous components and batteries incorporated

20 01 35*-51* 51* Small discarded equipment containing hazardous components and batteries incorporated

20 01 35*-61* 61* Small discarded information technology and telecommunication equipment containing hazardous components
